CHRISTMAS AT McCLURE'S

DON'T WORRY

—ABOUT—

WHAT TO BUY

For months we have been making preparations for this holiday business. It is a perplexing question with all of us as to what to buy for a Christmas remembrance—hard to think what this friend would like, or that one. A visit to McClure's will probably help you to unconsciously solve this problem. Whether it does or not, the beauty of the goods and the variety of things shown will make the time spent here very enjoyable. After an hour here we think you will be equally as enthusiastic about the beauty of the display as we are, and we want every person in Frankfort, whether you want to buy or not, to visit our store within the next few days.

Early selections afford the greatest choice. We will keep for you anything you may buy now and deliver it any where in town you may wish at any time between now and Christmas day.

FRANKFORT, KENTUCKY.

China. A New Departure.

We were so fortunate as to buy the entire sample line of a large importer of decorative China at a price far below usual. We will offer it at from

1-2 to 1-4 Less Than Regular Prices.

Or about the usual wholesale price. There are tankards, vases, pitchers, chocolate pots, sugars and creams, plates, cups and saucers, rose vases and a great variety of smaller pieces. Some Keiwa ware, some German China and a great deal of Japanese China, now so popular. This is a beautiful display, and will interest all lovers of pretty China. The prices will vary from 25c. up to about \$6.00 for the handsomer pieces. A piece of beautiful China is a most appropriate gift for any lady.

BASKETS.

An exquisite display of work baskets is one of the features of our holiday line. These come in all sizes, from the smallest up to the handsome ones, satin and silk lined. Prices are very moderate.

CALENDARS.

Our usual distinct line of art calendars, at all prices, from 10c. to \$1.50. We know of nothing that any woman will appreciate more than a beautiful calendar.

FANCY BOX PAPER.

Our box papers are always a feature at holiday time. This year we think both boxes and papers surpass any we have ever seen. It would seem that the makers, Geo. B. Hurd & Co., have even exceeded their own reputation for artistic box paper. Prices, 50c. to \$2.00.

Purses and Leather Bags.

Our line of leather goods is always the representative one of the city. Any lady will appreciate a handsome bag; any gentleman a fine pocketbook.

TIES.

We don't believe there is a man living who has enough neckties. Our 60c. line is unusual. Wide four-in-hands and puffs are the predominating shapes. The colorings this fall are unusually rich and warm, with browns and burnt oranges much in evidence. Kaiser Barthele ties at \$1.00.

NO MORE SUFFERING.

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Geo. A. Thomson, of Spencer, Ia., says: "I have had Dyspepsia for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. Would not be without it. Have doctored with local physicians and also at Chicago, and even went to Norway with hopes of getting some relief, but Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or dyspepsia should use it." Sold by J. W. Gayle.

TWO FINE SERMONS.

Owing to the fact that Rev. M. B. Adams, the pastor of the First Baptist Church, was called to New Castle, to preach the funeral of an old and dear friend, Rev. Geo. B. Eager, D. D., of the Southern Baptist Theological Seminary, supplied for Mr. Adams.

He preached two very fine sermons. The morning discourse was from the text, "Brethren, if a man be overtaken by a fault, ye, which are spiritual, restore such an one in the spirit of meekness; considering thyself, lest thou also be tempted. Bear ye one another's burdens, and so fulfill the law of Christ."

It was a strong and tender presentation of God's way of dealing with those who were taken unaware, or as he put it, were overtaken by a fault, not those who willingly surrendered to sin.

He urged the gentlest consideration for the weak ones of the flock, commending, at the same time, the sturdy and strong Christian. And yet he sounded a note of warning to those who believed themselves strong, to beware of the devil in ambush, citing Esau, David and Peter, as illustrations. At the evening service, Dr. Eager's text was "By Silvanus, a faithful brother unto you." His theme was the commendation received by those who were faithful in the small duties laid upon them. He urged all Christians to remember that faithfulness was the greatest of all the graces, even if they were not called to fill the prominent positions, which they might deserve. "Be thou faithful unto death, and thou shalt receive a crown of life."

The large congregations present were greatly pleased and benefited by these splendid presentations of the truths of the gospel.

Dr. Eager is an attractive and pleasing speaker and held the undivided attention of his hearers.

STRANGE THING.

By telephone message from Peck's Mill yesterday morning we learned that there was a rise of some six inches in Main Elkhorn, at that place, and muddy water at that.

Where the rise came from no one seems to know. It is a puzzle to the oldest inhabitant.

Some of the older people say that there was a tradition that when such a thing occurred, it was a forerunner of heavy rains, but they do not remember to have seen or heard of such a thing in their day.

STARTLING EVIDENCE.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had Bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by all druggists. Trial bottles free, regular sizes 50c, and \$1.00.

"THE BURGMMASTER."

Gustav Luders, the composer of "The Burgmaster," that most timely of all musical comedy successes, had to stand up to watch a performance of this, his favorite work, in Chicago, recently. Luders stood bravely through the entire performance. When the famous song, "The Tale of the Kangaroo," was sung by the big company, Luders went to Mr. W. P. Cullen, the manager of the company, and said: "If I could only get another libretto like 'The Burgmaster,' I could write some more music as good as this. Nothing I have ever done since has inspired me as 'The Burgmaster' did."

Luders also composed the music for "King Dodo" and "Prince of Pilsen." This season "The Burgmaster" is seen with a new production and new costumes, and with a notable cast, headed by Oscar L. Figman, and including Charles Sharp, Oscar Rugland, Fred Bailey, R. J. Moya, Olga von Hatfeldt, Louise Brackett, Harriett Sheldon, Dorothy Rae and others.

"The Burgmaster" will be seen at Capital Theatre Monday night, December 5. Seats now on sale at Barrett's Book Store.

CARELESS AND DISHONEST WORK.

Recently some parties have had quite a lot of small pamphlets sent to this city for distribution, which have been turned over to others to distribute to the residences of our citizens. The parties who undertook to do the work evidently became disgusted with the job and threw bunches of fifty to seventy-five of them at quite a number of out of the way places to get rid of doing honest work for their money.

The issuers of this literature had much better have employed Capt. Geo W. Roach, the licensed distributor, and thus had their work done properly.

A SPLENDID SUCCESS.

The Thanksgiving Day edition of the Cincinnati Commercial Tribune is an exhibit of the splendid triumphs which have marked the career of that substantial and reliable paper. It contained sixty-four pages of interesting and well-illustrated matter, showing the business enterprises of Cincinnati and the cities contiguous.

Many portraits of business men are given who have helped to develop these cities.

We congratulate the managers upon the 110th anniversary of the establishment of that paper.

BUYS LOT.

Mr. Henry Ringold purchased this week the warehouse property, on Lewis street, formerly occupied by J. G. Dudley & Bro., nearly opposite the Elks' Home.

RUTS

The walking sick, what a crowd of them there are: Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

To stop the continued loss of flesh they need Scott's Emulsion. For the feeling of weakness they need Scott's Emulsion.

It makes new flesh and gives new life to the weak system.

Scott's Emulsion gets thin and weak persons out of the rut. It makes new, rich blood, strengthens the nerves and gives appetite for ordinary food.

Scott's Emulsion can be taken as long as sickness lasts and do good all the time.

There's new strength and flesh in every dose.

We will be glad to send you a few doses free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Deadly

Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people, who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It is a germ disease, and makes a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. If LaGrippe has left you with a shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies, you should strengthen the weakened nerves with Dr. Miles' Nervine. It will undo all that grip has done, bring back appetite, rest and restore the nerves to their normal activity.

"I want to write this testimonial for the benefit of those who have suffered from that dreaded disease—LaGrippe. I suffered several weeks with it, and nothing tried seemed to benefit me in any way, shape or form (I suffered almost death), and finally my daughter recommended Dr. Miles' Nervine to me and I can truthfully say from the first day I felt better than in weeks. It gave me relief, built up my shattered nerves and gave me a splendid appetite. I cannot speak too highly of it and want to say, each and every one who has suffered from LaGrippe will find instant relief by getting a bottle of Dr. Miles' Nervine. Insist on having it and take no other. It is simply splendid. Hoping this will benefit some poor sufferer I remain,
—MRS. GEORGE B. HALL, Jackson, Tenn.

SUNDAY'S FIRES.

At 2:30, Sunday afternoon, an alarm from box 24 called the fire boys to the yards of the Frankfort & Cincinnati Railway Co., where a blaze in a passenger car, which was burning fiercely, caused the heater to explode which wrecked the car. The whole end of the car and top over the heater were blown away and the car itself destroyed with the exception of the floor and trucks, virtually destroying it, involving a loss of some \$500 or \$1,000 above insurance.

The boys made a quick run, after the alarm came in, and did good work.

The explosion shook up the whole neighborhood.

Later in the afternoon an alarm from box 128 called the department out, but it was found to be a false alarm.

About the same time a fire was discovered on the hill beyond the Saffell' Distillery (generally known as Crockett's hill), where the leaves, underbrush and trees were burned away, involving a considerable loss to the owners.

JUST AS A FIRE

Spreads in dry grass and weeds, so does an inflammation of the throat—the result of a cold—grow down into the sensitive air passages of the lungs. The cold, like the fire, should be promptly dealt with. When you begin to cough, use Allen's Lung Balsam. It will certainly heal the sore throat and lungs and it may save you from consumption.

SMALLPOX IN PEN.

John Blanton, a convict in the local Pen, who had arrived there only a day or so ago, from Elliott county, was found to have small-pox, on Tuesday. He was at once placed in the pesthouse and every convict who had been exposed to the contagion, was isolated. With the stringent measures taken there is but little, if any, danger of the disease spreading.

STUBBORN BOVINE.

A cow, which was being driven down Lewis street, on Tuesday, became stubborn and dashed into the house of Mrs. Anna K. Payne, scattering things at a lively rate. The irate animal was finally driven out and away, much to the relief of those concerned.

DESPITE SCARCITY OF WATER

Crops Have Not Suffered Much in Lexington Section.

Lexington, Ky., Nov. 29.—(Special).—While the drouth through Central Kentucky has been very severe during the past summer, it is not thought crops have been damaged to any extent. H. C. Hillenmeyer, the well-known nurseryman, and authority on crop conditions, stated tonight that fully one-third of the wheat crop in this section was not up yet and unless rain fell within the next few days damage would likely result to that portion of the wheat crop. He said exactly the same circumstances prevailed last summer and that the crops were first-class in every respect and he does not look for any unusual conditions to prevail this year. In regard to the scarcity of water, Mr. Hillenmeyer said that the stock in some parts of Central Kentucky was suffering to some extent, but that so far it had not reached a serious stage. Observer Dean, of the Weather Bureau, said to-night that a very light rain fell in this section November 13 and that a good rain of one-half inch fell three days previous on November 10. He said there were no immediate signs of rain, but that the indications were for a high barometer and colder weather.

A BLOW IN THE BACK.

An overcoat is a necessary nuisance and the tendency to take it off on warmish days in late autumn and winter is as strong as it is unwise. A treacherous wind hits you in the back and the next morning you have lumbago. Rub well and often with Perry Davis' Painkiller and you will be astonished to find how quickly all soreness is banished. There is but one Painkiller, Perry Davis'.

AGED AND BELOVED LADY GOES HOME.

At her home in Spotsylvania county, Va., on Saturday, Mrs. Lucy Daniel Holladay, relict of the late Mr. James Holladay, aged 81 years, of heart failure.

Mrs. Holladay was the fifth daughter of Mr. John Lewis, of Llangollen, this county. Although born in Virginia, she was raised and educated in this county. She was a woman of fine mind and retentive memory, warm heart and loving hands.

She was a devout member of the Presbyterian Church, and a sincere Christian.

She was the aunt of the editor and proprietor of this paper, as well as of Messrs. W. J. and W. H. Lewis and Miss Mary P. Lewis, of Woodlake.

She leaves one sister (Mrs. Susan R. Price, of Richmond, Va.), one daughter and one son (Miss Louise R. and Mr. John W. Holladay, of Spotsylvania county, Va.) and several grandchildren to mourn her departure.

The funeral services were conducted by her pastor, on Monday afternoon, and the remains were laid to rest in the family burying ground at Bel Air.

Mrs. Holladay was well known and beloved by a large number of the older citizens of this city and county, who will regret to hear of her death.

To the aged and lonely sister and bereft son and daughter we tender our sincerest sympathy in their great sorrow.

YERKES FOR THE CABINET.

The suggestion of the Hon. John W. Yerkes, of Kentucky, as a representative Southern man for Mr. Roosevelt's new Cabinet, says the Louisville Herald, has met with cordial approval in many quarters. The Springfield, O., Sun, commenting on it, makes this unreserved declaration:

"If the President doesn't see fit to fill up the Cabinet with Ohio men, where so many Ohio men belong, he could do no better than appoint Yerkes, whether Kentucky went Republican or not. Yerkes is one of the cleanest cut and most brainy men in the South, or the North either, so far as that is concerned. He is in no way mixed up with the party feuds and fights that have given his State so much unsavory advertising, and is a gentleman and a scholar withal."

"John W. Yerkes is a type of man that ought to suit Roosevelt in every particular. He is young, full of vigor, morally and physically brave, modest, a gentleman of the old school handed down to the new. He is your true Southern gentleman, without his prejudices. He is your orator without bombast, and he is, above all, an honest man and a student."

"When a man can be a Kentucky Republican without getting mixed up in petty quarrels, and stand aloof from all the dark things that have taken place in that State so bitterly cursed by politics, he is above the average mortal, and such a man is Yerkes. Mr. Roosevelt has a habit of appointing whomever he pleases, and if it should please him to appoint this learned, just man, he will please not only himself but many men who have come to regard brains and honesty as above party affiliation."

WILL WOMAN'S NATURE CHANGE WHEN SHE VOTES?

A recent editorial upon Woman Suffrage, in the Pittsburg Gazette, closes with this sentence:

"The only question is whether it is adapted to woman's nature to participate in politics, for no amount of education can make a woman more like a man than her grandmothers were."

The above sentence contains the sum total of the so-called arguments against woman suffrage, the only trouble being that one class of opponents tells us women should not vote because they would become like men if they did so, and the other class, like the writer of this editorial, that women should not vote because no amount of education could make them like the men.

It seems impossible for some people to conceive of anything but a man in politics. It is the very fact that women are different from men, and will always remain so, that they need the ballot and our government in turn needs them.

Women have no desire to become like men, nor vote like men, they want to be women and vote like women. Women being specially interested in the spiritual, moral and home side of life would look after these interests in our government.

Our commercial interests are already well looked after, but good men are in despair over the moral side of our political life.

Women are specially interested and treading along the lines in which our government is weak. Combine the vote of the man and the woman and we have a complete whole. A government with men only to look after its interests is not complete any more than is a home with only men to look after it.

"THE BURGOMASTER."

That great musical comedy, "The Burgomaster" will delight amusement lovers at Capital Theatre Monday night, December 5.

In the cast is one of the most promising young actors in America, who has not only given evidence of the most meticulous humor, as a comedian, but who promises to be one of the leading stage producers of the country. He is Oscar L. Figman, and he has already reached the distinction of being "featured" with "The Burgomaster," as large as the company. He is a brother of Max Figman, stage director for Mrs. Fiske, who produced "Mary of Magdala" for that great actress, and all her other pieces for the past five years. Though Oscar Figman has never seen his brother direct a rehearsal, his methods are the same as those of Max Figman. He is very quiet, never loses his temper, and seems teeming with novel ideas for new stage effects for dances and electricity. Wm. P. Cullen, who controls the destinies of "The Burgomaster" has Figman under contract for a long term of years. Seats are now on sale at Barrett's Book Store.

JUDGE BENNETT WINS IN 9TH DISTRICT.

In the Court of Appeals, on Thursday, Judge Nunn handed down an opinion overruling the action of Mr. Kehoe to set aside the mandatory injunctions requiring the counting of one precinct in Harrison county and one in Fleming in favor of Judge J. B. Bennett, the Republican candidate for Congress. The decision winds up by saying that Judge Bennett "received the votes and was entitled to have them counted as cast."

OUR MOTTO: "GRADE HIGH." "PRICES LOW."

We mean just what we say—"High Quality—Low Prices." Some people think that a good article can not be had for a low price—that, if they pay a good price they are always sure of a good article. That is wrong. Sometimes merchants cut the price on excellent goods below cost just to get people into the store—they lose money to make trade. That is the case when we offer Glenmore Whisky at \$2.00 per gallon.

NOTES FROM A TRAINER'S BOOK.

Samuel Hopkins Adams edits some "Notes from a Trainer's Book" for the December McClure's in a most diverting manner, furnishing his readers a number of thrilling and interesting reminiscences of wild animal training that are highly entertaining and also instructive. The article is full of the unconscious heroism of the men and women who do hazardous things all in the day's work. The insight of the trainer into animal nature and character is deep, and he tells us simply and forcefully of many remarkable experiences and observations. All sorts of wild animals have been included in his experience and he writes of them and their ways with evident authority. Many tragedies, narrow escapes and startling adventures mark the career of the trainer, and of these he gives a collection of splendid anecdotes.

"DO IT TO-DAY."

The time-worn injunction, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the time advice we want to give you about that lurking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all drug stores. 17t.

VETERAN OF MONTANA BAR.

The proceedings in the State Supreme Court were a trifle out of the ordinary during the day when former Governor Preston H. Leslie, in addressing the court in presenting his side of an appeal, coolly informed the court that he had just entered upon the sixty-fourth year of his practice of the greatest of all the professions. The man who has been governor of two Commonwealths, once United States district attorney, and has filled many other positions of trust, in his eighty-fifth year seemed to be as alert and active as many a lawyer far younger.

Governor Leslie appeared as counsel for one of the litigants in the case of Frank Sheldon against Frank E. Powell, appealed from the district court of Cascade county, an action involving the homestead entry of Gus Streid, Ransom Cooper, of Great Falls, also participated in the argument.

In prefacing his argument Governor Leslie, straight as an arrow, his eyes sparkling with well preserved health, addressed the court and said: "If I may be permitted to say at this time that I feel especially gratified and honored in being permitted to stand before the supreme court of this, my adopted State, upon the sixty-fourth year after my being admitted to the bar."

Governor Leslie then proceeded to argue his side of the case. Governor Leslie was governor of the State of Kentucky long before he came to Montana in 1887 as governor of the territory under appointment from President Cleveland. Subsequently he was appointed United States attorney for Montana in 1894. He is in his eighty-fifth year and enjoys robust health.—Helena Paper.

The following is a list of the early snow falls, the number of inches, for the last twenty-five years:

NEW CAPITOL TO BE FINAL RECEPTACLE OF KENTUCKY EXHIBIT.

The good done by the Kentucky World's Fair Commission is not to die with it. The latter part of the magnificent exhibit of the State's products and resources made at the Louisiana Purchase Exposition is to be returned to the Commonwealth to become the nucleus of a permanent museum in the new Capitol, as already stated in these columns.

The State Geological Bureau, under Director C. J. Norwood, of Lexington, and the State Agricultural Experiment Station, under Profs. M. A. Scovell and H. Garman, are to be made custodians of the exhibits, subject to further disposition by the General Assembly. The mineral and forestry exhibits are to go to the Geological Board, and the agricultural exhibit to the Experiment Station. The former is to include the display of clays and the clay arch intact, petroleum, stone, lead, zinc and flint spar, coal and coke and all the fine forestry specimens collected, while the latter is to be made up of the agricultural products which so effectively represented Kentucky at the Fair.

The plan does not contemplate bringing any exhibits other than those collected and installed at the expense of the commission. If any individual displays are desired they will only be forwarded to Kentucky upon the consent of the exhibitor. Accompanying the exhibits will be all the cases used in attractively displaying them at the Exposition. Profs. Norwood, Garman and Scovell agreeing to give storage room to these until the time arrives when the permanent museum may be established for which it is the hope of the commission that a place will be made in the new State Capitol.

PEA RIDGE.

Mrs. Frank Stoops, of New Albany, Ind., was the guest of her parents, Mr. and Mrs. John Edge, for Thanksgiving week.

Mr. John Edge, Jr., of Mt. Sterling, was also home for the week. We are all rejoicing over the fact that our schoolhouse well is finished, even to a neat pump being placed therein, for the children. Many thanks are due our trustees for, during their term of office, a nice new schoolhouse and now the well has been built.

Mr. Newell Pierre is building an addition to his pretty cottage. The excitement over the election was more than usual in this district. Party feeling ran high. Water is scarcer in this community than it has been for many years.

A pious friend of ours, who was a defeated candidate, says that the late election was a fulfillment of the scriptures, Matt. XXVIII, v. 15: "And they took the money and did as they were taught."

Every family should keep it, as it is an invaluable household remedy, and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Bush, N. "MISS BOB WHITE,"

The New Willard Spenser Opera, to be seen in this City Soon.

If a rollicking, merry comedy, interspersed with thirty odd, deliciously jangling melodies, interpreted by a host of capable artists, with a large and efficient chorus, together with a superb scenic equipment and a countless variety of beautiful dresses, the whole ensemble accompanied by a largely augmented orchestra of thorough musicians makes a successful opera, then "Willard Spenser" has accomplished the feat with his new comedy opera, "Miss Bob White," which will be seen in this city at Capital Theatre in the near future. Through the magnificent liberality of Messrs. Nixon & Zimmerman, Mr. Spenser's work is presented in a manner hitherto unsurpassed in this country, not only as to lavish mountings and costumes, but in cast as well. An organization which includes such names as Frank Deshon, J. L. McClure, Cecelia Rhodes, Georgia Campbell, Susie Talmage, Donald Archer, Jos. Leighton, Ray Tynon and Lester Brown, is not barren of artistic ability by very long odds. The story of the opera deals with the adventures of two young millionaires who have made and lost a freak election bet, and as a consequence are compelled to masquerade as tramps for two months and to incidentally suffer all the hardships usually attributed to genuine "knights of the road." They take refuge at the farm of an old Quaker who compels them to work for their sustenance. The fiances of one of the two unfortunates hearing of their predicament, herself seeks employment as a milkmaid at the same farm, and in disguise forces from her future husband a truthful declaration of his love. Of course this is but the veriest skeleton of the story, but from it can be judged the wholesomeness of the atmosphere surrounding the entire performance. The production here will be identical with that presented at the Chestnut Street Theatre, Philadelphia, during its run of one hundred performances last season. From present indications Miss Bob White will entertain the great majority of local amusement lovers.

ARM SCALDED.

When Mrs. W. G. Simpson was attempting to extinguish the fire in her hall stove, on Friday, for repairs to the pipe, she threw water on it, and the steam scalded her arm from her hand to her elbow very badly.

Surgical attention was at once rendered and Mrs. Simpson is doing fairly well.

EARLY WEDNESDAY MORNING BLAZE.

At 6 o'clock, on Wednesday morning, an alarm from box 15 called the department to the residence of Mr. Hubert Vreeland, on Shelby street, where an outbuilding was burned, caused by having hot ashes thrown against it. The damage was but small.

CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free experimentation in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain health are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists. 1 yr.

GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

A WAY OPEN.

Many a Frankfort Reader Knows It Well.

There is a way open to convince the greatest skeptic. Scores of Frankfort people have made it possible. The public statement of their experience is proof of the like of which has never been produced before in Frankfort. Read this case of it given by a citizen:

Mrs. Kate Newkirk, widow, of 113 Logan street, says: "It was sometimes very hard for me to perform my daily work on account of weakness across my loins, and the aching I endured when stooping or reaching forward for any object, the irregular action of the kidneys and the sensation of scalding which accompanied the secretion, caused other symptoms which were very annoying and distressing. I doctored a great deal besides employing other remedies said to be good for kidney trouble, but I received only slight relief, if any. Reading notices about Doan's Kidney Pills, which appeared in our daily newspapers, impressed me with their value, so concluding to try them, I procured a box at J. W. Gayle's drug store. Their effect certainly surprised me, and I followed up the treatment with a second box. Doan's Kidney Pills did more for me than I could have expected. I certainly recommend them."
